

A woman with long brown hair, wearing a teal jacket, black pants, and a teal beanie, stands on a snowy mountain ridge. The sun is low on the horizon, creating a warm, golden glow and long shadows. The sky is filled with soft, white clouds. In the foreground, there are patches of snow and dry, golden grass. The background shows more snow-capped mountain peaks.

## Dear partners,

We are pleased to introduce the new autumn/ winter 2020/21 catalogue. In this catalogue you can find a range of products from shoes that you can wear throughout the year to highly insulated winter boots for cold weather. There are boots and shoes suitable for you and your kids for every weather condition.

A common feature of all our boots and shoes is high quality products which are technically excellent. For us it is important that our products last a long time and this is the most effective sustainability argument.

It is important to think about sustainability throughout the life of a boot or shoe and not just during the production process. We have

a strong after sales business where we can resole your boots and undertake repairs. This prolongs the life of your boots and shoes and is good for the environment.

We wish you a successful season with our wide range of boots and shoes.

Lars and Lukas Meindl

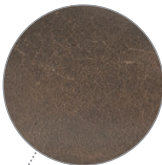

# Sporty and elegant throughout winter

Be fashionable and also warm and dry throughout winter. The times are long gone when fashion had nothing to do with function and practicality. Meindl provides numerous styles, particularly for women, that meet every requirement in snowy, icy and cold weather. These high-quality boots are sporty and fashionable at the same time and look good with all types of clothing.

We produce our double-stitched boots and shoes in Kirchanschöring, Germany.

# More Comfort – in every Season

Huge demands are made of our feet every day. This is why it is all the more important to rely on styles that fit you well when selecting boots. The special Comfort fit® last shape allows more space in the toes and ball of the foot but it still has a secure heel fit. The broader foot and additional space provide optimal comfort. This is supported by the elaborately constructed Comfort fit® cork footbed. What makes it special is that the cork footbed is anatomically shaped. The cover can absorb a great deal of moisture, and the footbed has continuous cushioning and an integrated shock-absorber in the heel.

# Ready for every Adventure

Whether building snowmen, having snowball fights or sledging, even in the winter girls and boys prefer to be outside. Your offspring will have warm feet in Meindl winter boots. And as our sturdy models are both colourful and equipped with a slip-proof rubber sole that grips on every terrain, little ones will stay safe when on the move. So bring on the winter adventure!

## Children's shoes, seven important factors:

1. Removable Best-Fit footbed for a perfect fit.
2. Soft padded edges for comfortable yet secure hold.
3. Special children's last guarantees plenty of space for toes.
4. Grippy sole provides stability and security.
5. Reflectors increase visibility.
6. Impact protection withstands even the highest demands.
7. Heal cup for good foot positioning.

# Specialists for every terrain

You can use our winter boots for every type of use, we have styles that are suitable for a long snow shoeing route, a winter hiking tour or for a hunting trip in a snow covered winter landscape. They are all equipped with a warm lining which provides insulation from the cold and keeps your feet dry and warm. In a number of models we use a special winter rubber mixture which offers good grip on snow and ice. On the Montafon GTX sole, which you can see below, the grip on snow is increased by the pyramid structure of the sole profile.

# Travel - from city sightseeing to country hikes

For sightseeing, travelling or just walking to the shops. Our travel shoes look cool, are comfortable to wear, offer great cushioning and are also sturdy which makes them suitable for a range of different activities. The mounted assembly makes the shoes very stable and the distinct rubber grip sole gives you excellent hold on all kinds of surfaces. The range is rounded off by the wide choice of colours and lining materials available, for example, a leather lining or GORE-TEX lining.

# Perfect allround shoes

The trail activity models are suitable for sporty activities in your leisure time: all models have a waterproof and breathable GORE-TEX membrane and a cushioned sole with a deep profile for good grip. The stability of the shoes is achieved through the lasted construction method used in their construction which makes them suitable for all round use.

**Size:** 6 - 12

To protect the environment and to use all resources in the best way, we have developed a new rubber mixture for our soles, where we use 22% recycled rubber. We use rubber offcuts from our production. Therefore we can reduce raw material usage and reduce transport. The rubber has been designed to keep the well known Meindl quality level of abrasion and grip.

Comfort fit®

The Comfort fit concept offers more space in the forefoot and has good grip at the heel. In the new Comfort fit model Abano GTX we combine Comfort fit with the Boa® Fit system: the lacing system is quick and easy to use and the tension can be adjusted. The pressure is distributed evenly over the fore foot and this improves the heel fit and gives an even better overall fit. The Boa® Fit system in combination with the stiffer heel cup, the cushioning sole construction and the airy 3D Mesh makes the new Abano GTX a sporty and comfortable shoe for all activities.

Boa® Fit System

This system consists of three parts: an easy to use closure system, light and extremely strong laces and a friction free lacing system. Each element improves the fit and they are lightweight, robust and weather resistant.

TURN TO SET TIGHT

PUSH TO OPEN

Comfort fit® concept

In comparison to a trekking last, our Comfort fit® last has more space at the front of the foot with a firm grip on the heel. You stand on a wider base. The more defined contour enables easier rollover when walking.

- 1 More room for toes and more capacity.
- 2 More ball width and straight adjustment of the big toe.
- 3 Wider stance due to wider sole base.
- 4 Perfect fit due to the snug-fitting heel.

**Lining:** Leather  
**Footbed:** Comfort fit®, Cork und fleece  
**Sole:** Meindl Comfort Sport  
**Size:** 6 - 12

### Volume adjustment

Volume adjustment throughout, 4 mm thick.  
 If more space is needed, the padding between the footbed and the inner sole can be taken out.  
 The insole simultaneously works in the shoe as a shock absorber.

# For every adventure

Children want to play, romp around and have fun outdoors in every season of the year. Robust, flexible and multifunctional: our colourful styles are exactly what small explorers need for their adventures! Many of our models - from the light ankle boots to stable children's trekking models - are equipped with GORE-TEX. So that the shoes and boots really fit, our children's styles are equipped with the proven Meindl Best-Fit system. The footbeds can be removed and are marked, which makes it easier for parents to quickly find the right size.

## Meindl – Quality and tradition

It takes the finest leather and materials and numerous work steps to produce a boot. Craftsmanship here is given pride of place and is supported by our employees who operate each machine and process the boots and shoes through each stage of production.

We are continuing our centuries old tradition of craftsmanship and creating styles that give customers a reliable companion for unforgettable times. We set value on all aspects of sustainability and we minimise our ecological footprint by constantly checking our production process.
